Is 36 Years in Office By the Same Person Too Much? Indian River Voters Say YES, it's Time For a Change!

“In the last few years new leaders have been elected in Indian River County. Clerk of Courts, Jeff Smith has improved his office, Carole Jean Jordan perfected customer service as Tax Collector and Leslie Swan provided modern technology as Supervisor of Elections. After 36 years without change and the same person in office, only the Property Appraisers Office has lagged behind. I will lead the Property Appraisers office into the future.” - Wesley Davis
